

INFORMAL BID PROCESS

California Uniform Public Construction Cost Accounting Act

The City Council of the City of Barstow ("City") adopted Resolution No. 4608-2011 on April 4, 2011, approving the City electing to become subject to the Uniform Public Construction Cost Accounting Act. These informal bidding procedures allow Public Works construction projects, as defined in the Public Contract Code, meeting specific criteria for cost (currently less than \$125,000) to be performed by contract acquired by informal bidding procedures.

Procedures for Establishment and Maintenance of List of Qualified Contractors

During June of each year, the City shall mail, e-mail or fax as applicable a notice and application to all construction trade journals inviting all license contractors to submit the name of their firm for inclusion on the City's list of qualified bidders for the year. The application is available on the City's website at www.barstowca.org, under "Services," click on "Online Forms," click on "Contractor's Pre-Qualification Application". If access to internet is not available, please contact the number below and an application will be faxed or mailed. The application shall require the contractor to provide the name and address to which a Notice to Contractors or Proposal should be mailed, a phone number at which the contractor may be reached, the type of work in which the contractor is interested in and currently licensed to do (asphalt concrete, concrete, earthwork, pipelines, electrical, painting, general building etc.) together with the class of contractor's license(s) held and contractor license number. The City may create a new contractor's list starting July 1st of each year. The City may include any contractor's names they so desire on the list, but the list must include at a minimum all contractors who have properly provided the City with the information required as stated above, either during the calendar year in which the list is valid or during May or June of the previous year. A contractor may have his firm added to the City's contractors list at any time by providing the required information on the Contractor's Pre-Qualification Application and submitting it to:

City of Barstow
Engineering Division
